Capitalism, Socialism and Democracy (1942) | Moral Markets?

Schumpeter's Capitalism, Socialism, and Democracy is perhaps the most important and influential book on the subject ever written. This volume is the result of an effort to weld into a readable form the bulk of almost forty years' thought, observation and research on the subject of socialism. The problem of democracy forced its way into the place it now occupies in this volume because it proved impossible to state my views on the relation between the socialist order of society and the ...

Economic Update: Sports And Capitalism

Socialism for the rich and capitalism for the poor is a classical political-economic argument which states that in advanced capitalist societies, state policies assure that more resources flow to the rich than to the poor, for example in the form of transfer payments. The term corporate welfare is widely used to describe the bestowal of favorable treatment to particular
