I've used. Unfortunately, Collins have made some layout changes to this edition which make it less easy to use. All typeset in the new edition is black. In the previous edition headwords were blue, which made them quicker and easier to pick out when scanning down a page. This may seem trivial, but using the dictionary is now more of a chore.

If you want a single-volume dictionary with (incredibly close to) full coverage of all the words used in English today and over the last few centuries, this is probably the one for you. The Collins English Dictionary claims to have 722,000 words, meanings and phrases, which is remarkable given the 20-volume OED claims 'only' 600,000.
