### Connected Mathematics Teacher Guide

Teachers are an integral part of the learning process in Connected Mathematics (CMP). From the beginning, the authors have viewed CMP as a curriculum for both students and teachers. CMP provides teachers with ways to think about and enact problem-centered teaching and learning. The extensive field-testing of CMP has helped produce teacher materials that are rich with successful strategies, classroom dialogue and questions, and examples of student solutions and reasoning.

### Amazon.com: connected mathematics: Books

The Connected Mathematics Project (CMP) was funded by the National Science Foundation to develop a complete middle school mathematics curriculum, Connected Mathematics, for students and teachers. CMP is a problem-centered curriculum promoting an inquiry-based teaching-learning classroom environment. Mathematical ideas are identified and embedded in a sequenced set of tasks and explored in depth to allow students to develop rich mathematical understandings and meaningful skills.
