Wrong. How do environmental justice and women's issues overlap? First of all, both environmental and women's activism are extremely intersectional fights. In each area, individuals of varied races, ethnicities, economic status, gender, and citizenship status are disproportionately affected by these movements' encompassing issues.

Economic Rights and Environmental Wrongs by Rose Anne ...

It's really hard for economists to agree on how to deal with the environment because they're undecided as to what our relationship to it actually is. Some say we can treat it like any other resource, by pricing it in the free market. Others say that the market isn't great at recognizing long-term value, and we need better techniques.

Rights and Wrongs podcast: Environmental Rights

Economic, social and cultural rights are part of the body of human rights law that developed in the aftermath of World War II. Human rights law includes all economic and social rights, as well as civil and political rights like the right to free speech and the right to a fair trial. These rights are deeply intertwined: for example, the right to speak freely means little
