### Minn Kota I Pilot Link

i-Pilot Link allows your Minn Kota and Humminbird to communicate with each other to change the way you fish. With Link, you can take command of your motor from the wireless remote or your Humminbird. And once you do, the possibilities are endless: lock onto spots, record and retrace paths, follow depth contours, and more.

### i-Pilot Link | Minn Kota Motors

The game-changing i-Pilot Link Integrated GPS Trolling System enables your Humminbird fish finder and Minn Kota trolling motor to communicate, delivering precise, automatic boat control with a full-color LCD touchscreen. From your Humminbird unit or the wireless Link remote, you have the power to find, store and revisit your most productive fishing spots and tracks so you can spend less time positioning your boat and more time spent catching fish.

### i-Pilot Link | Humminbird

i-PILOT LINK ADD-ON KIT COMPATIBILITY. i-Pilot Link can be added to Terrova, Riptide Terrova (ST), PowerDrive V2, Riptide PowerDrive V2 (SP), and Ulterra models. Different kits are needed depending on whether your model is Bluetooth compatible. Unfortunately, PowerDrive models produced after 2016 are not compatible.

### i-Pilot Link Compatibility | Minn Kota Motors

i-Pilot and i-Pilot Link are both GPS trolling motor systems available on Minn Kota motors. The i-Pilot system is a self-contained GPS system that is operated via a wireless remote. The i-Pilot Link system has everything the i-Pilot models has but also has the ability to communicate with a Humminbird fish finder. The ability allows for a few more enhanced features, more memory for saving Spot-Lock locations and recorded iTracks, and control of your trolling motor through the Humminbird fish ...
