**by ...**

In *More Time to Think*, Nancy Kline shares ten effective ways to help people think for themselves with rigour, imagination, courage and grace. From learning that the mind works best in the presence of a question (so never be afraid to risk being wrong) and that a key factor in the quality of a person's thinking is how they are treated by the people with them while they are thinking, to the importance of appreciation and of facing what you have been denying, Nancy Kline shows how to create a ...

...

If you're finding yourself short on time, try these 10 ways to fit thinking into your life: 1. Make the decision to make time. If you're going to make time to do more thinking, you need to commit to that decision. That means actively making time to do it. If you just say that you'll make time, it's likely that it won't happen.

Most people think they listen well, but they rarely do - not at this level. Listening this way is a radical act. Over the past 15 years, Nancy Kline has identified 10 behaviours that form a system called a Thinking Environment, a model of human interaction that dramatically improves the way people think, and thus the way they work and live.

### **Time to Think: Listening to Ignite the Human Mind by Nancy ...**

The most valuable thing we can offer each other is the framework in which to think for ourselves. Nancy Kline. Time To Think is a leadership development and coaching company. We specialise in the process called The Thinking Environment. We teach people how to produce independent thinking in their organisations, teams and lives. We have qualified coaches, facilitators, teachers, consultants and faculty in more than twenty countries around the world.
